

The “Do a Sam” Scholarship/Fund

Sam Francoeur was an Otter Valley graduate who loved OVUHS. He loved Walking Stick Theater and the Moosalamoo Program. Sam believed in living each day to the fullest, and lived his life listening, accepting, encouraging and loving others. Sam also was deeply connected to the outdoors, and loved farming and nature.

The “Do a Sam” fund offers one-time funds of up to \$500 for an Otter Valley Student who is either pursuing studies in the environment, sustainable agriculture, art, theater, music, inclusion/diversity studies, mental health or education, or wishes to be involved in a volunteer program/project that supports the arts, nature/environment, or human rights.

To apply, please submit a letter of application stating the amount requested, for what purpose, when the money is needed by, and how this will help others or help the earth. The Francoeur family reserve the right to request further information or details regarding the request.

Letters of application are accepted year-round, and will be forwarded to the Francoeur family upon receipt. Recipients will be recognized at the year-end award events.
